

# WIC FARMERS' MARKET NUTRITION PROGRAM (FMNP) STATE PROFILES

The WIC Farmers' Market Nutrition Program (FMNP) State Profiles offer a detailed overview of program implementation across states by incorporating key metrics gathered from the Spring 2024 Landscape Scan Survey administered to WIC State Agencies. These profiles reflect data from states that participated in the survey, providing insights into their FMNP implementation and impact.

The data reveals whether states participate in FMNP, have adopted electronic FMNP (eFMNP) benefits, and allow the use of WIC Cash Value Benefit (CVB) at farmers' markets. Additionally, the profiles highlight critical quantitative measures such as the number of FMNP participants and the total benefits provided in each state. This data provides valuable insights into program participation and access, helping stakeholders support and strengthen FMNP efforts nationwide.

## INTER-TRIBAL COUNCIL OF ARIZONA

*(Phoenix, AZ)*

- Participate: Does not participate in FMNP and does not plan to implement FMNP
- WIC eFMNP: N/A
- WIC CVB: No; No plans to implement
