# Minnesota WIC Program Overview

- Minnesota
  - MIS - HuBERT (SPIRIT – SAM system)
  - Serves approximately 111,000 participants per month
  - 87 Local Agencies
  - 194 clinic locations throughout the state
  - 980 Vendors

# Minnesota WIC App Mission

Minnesota WIC App was developed to support engagement with WIC families.

- Encouraging retention in the WIC program;
- Providing the tools necessary to streamline identification of WIC foods; and
- Communicating important messages to participants; such as appointment reminders.

Providing information, at a participant's fingertips, to improve the total WIC experience for families.

# Evaluation of existing tools VS creating app

- Investigated existing products
  - Solution that could grow with MNs changing needs
  - Would interface with the MIS using paper benefits – apps available were eWIC only
  - Looked at cost and functionality – apps included a monthly cost for operations and support
- Created My MN WIC app
  - Costs were for development only
  - Operations and support fall under MN M&O contract with no increase in ongoing costs
  - Flexibility to make changes or add functionality as needed

# My Minnesota WIC App

- Created for Minnesota by CSC as MIS contractor
- Available for use with Android and iOS
  - Not currently available for Windows phones
- Over 28,000 downloads
- 2,500 registered for messages/notifications

## Technical

- Notification messages are sent using 3<sup>rd</sup> party solution - Pushwoosh
  - No participant information is sent to Pushwoosh, generic titles for the notifications are used.

## Security

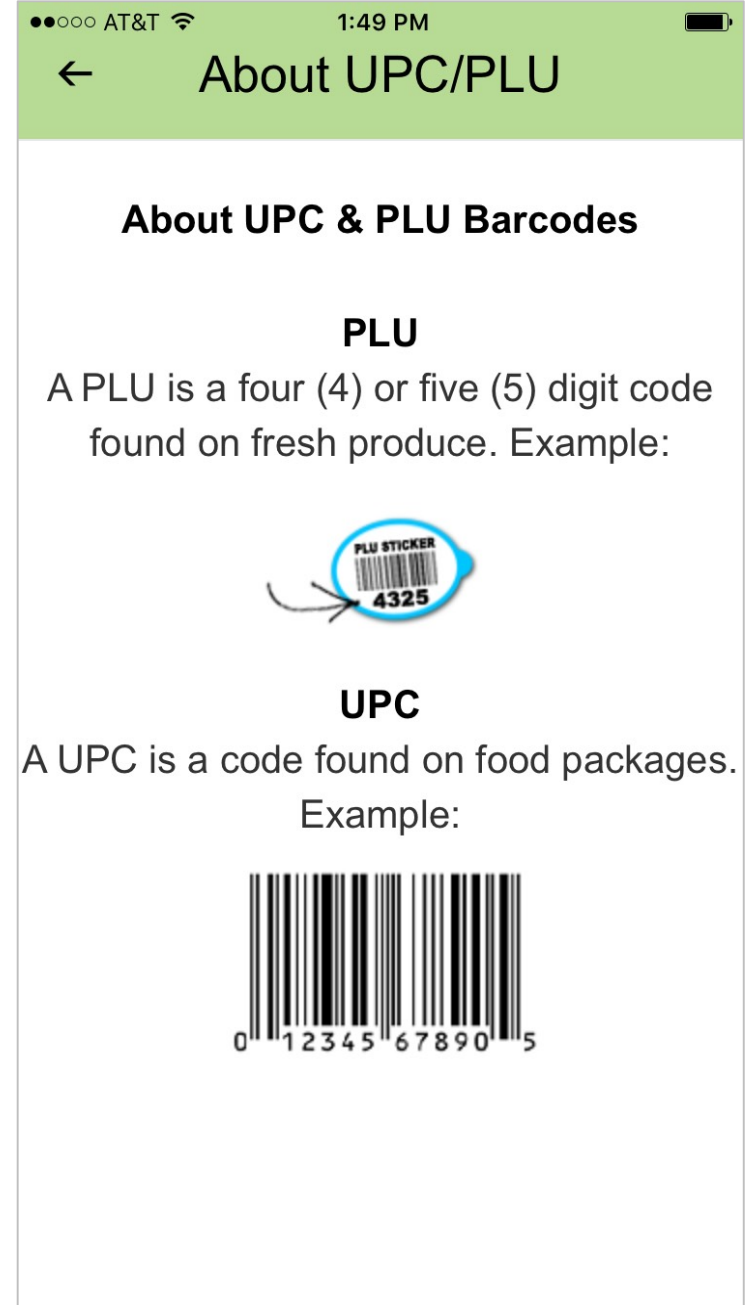

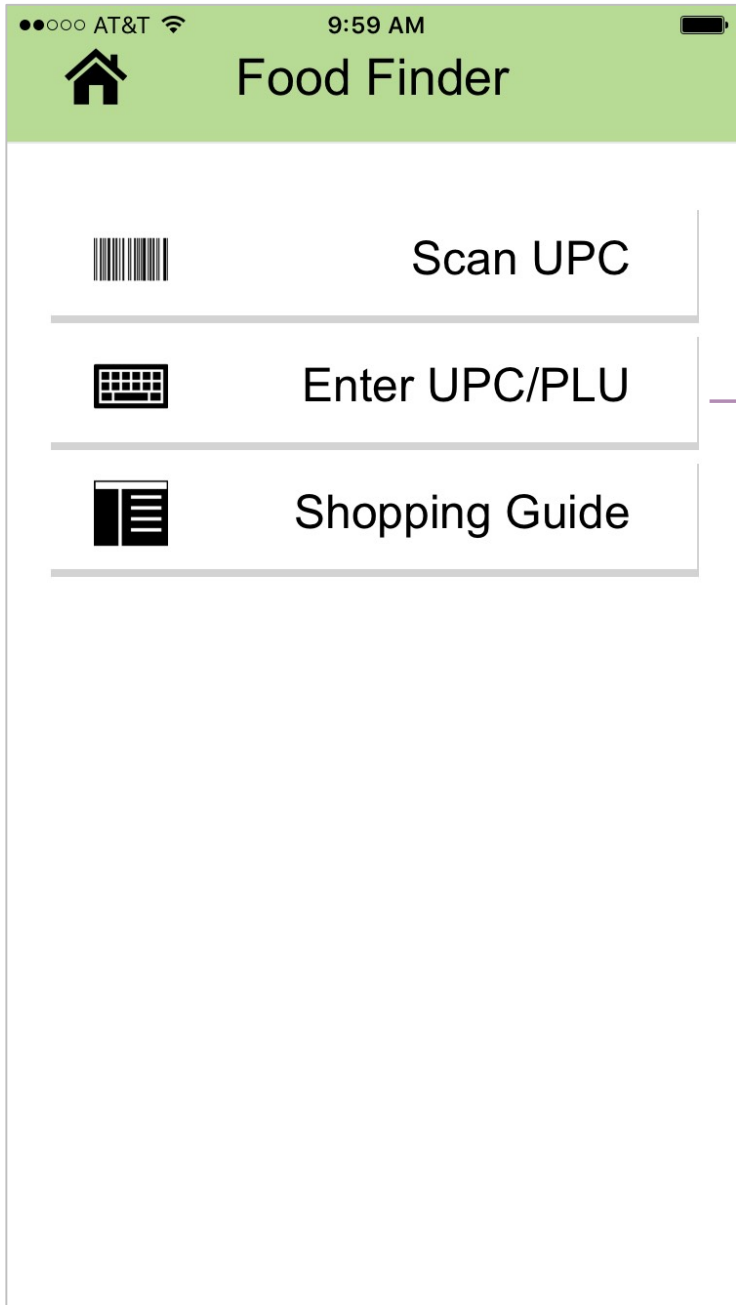

- Servers are secured with SSL certificates.
- Additional credential information from the mobile client will be used when processing eWIC requests
  - Credential information stored is isolated to the mobile app and accessible only that way.

# Phase 1 – MN Food Finder

## Phase 1 – Food Finder

- Pilot – May 2015
- Statewide – July 1, 2015
- Developed while still using paper checks
- Created an APL to scan against so put MN ahead getting ready for eWIC
- Simplified shopping by allowing the participants to scan and verify WIC allowed foods prior to getting to the register, improving the checkout experience

# Feedback – App Review

- 27 reviews posted through the app store
- App has a rating of 4.3/5 (a couple low ratings are due to connectivity issues in the store) without these the rating is 4.6
- If comment is specific to a food item or shopping experience we can reply to their comments
- A few comments about the app
  - “The best thing to happen to WIC since Peanut Butter” – Local Agency WIC Coordinator
  - “Very Helpful This app is perfect for me because I am a CSM at a Wal-Mart so this lets me verify items if the register doesn't like it. I can also go with a customer to the shelf and find the correct item for them” – Wal-Mart CSM
  - “Easy to use for finding out what items I'm able to buy. – WIC Participant

# Feedback – Survey using Notifications

- Used Notifications to send the Survey with a link
- Sent 1784 Notifications, received 241 responses = 13.5% rate
- Asked 5 questions, none required a response;
  - Do you use Food finder? **(217 Yes)**
  - Do you use reminder messages? **(182 Yes)**
  - How long have you been using?
  - How often do you use?  
**(Nearly every time I shop 120, 84 remember WIC appt)**
  - What do you like the most?  
**(136 responses, top 3 comments: Food finder, Appt reminders, Easy to use)**
  - What would you like to see changed? **(98 responses, 50 – Nothing, link to what is on checks, Store locator, schedule appts through app)**
- Survey was fast easy way to get direct feedback from participants without putting additional work on Local Agency staff

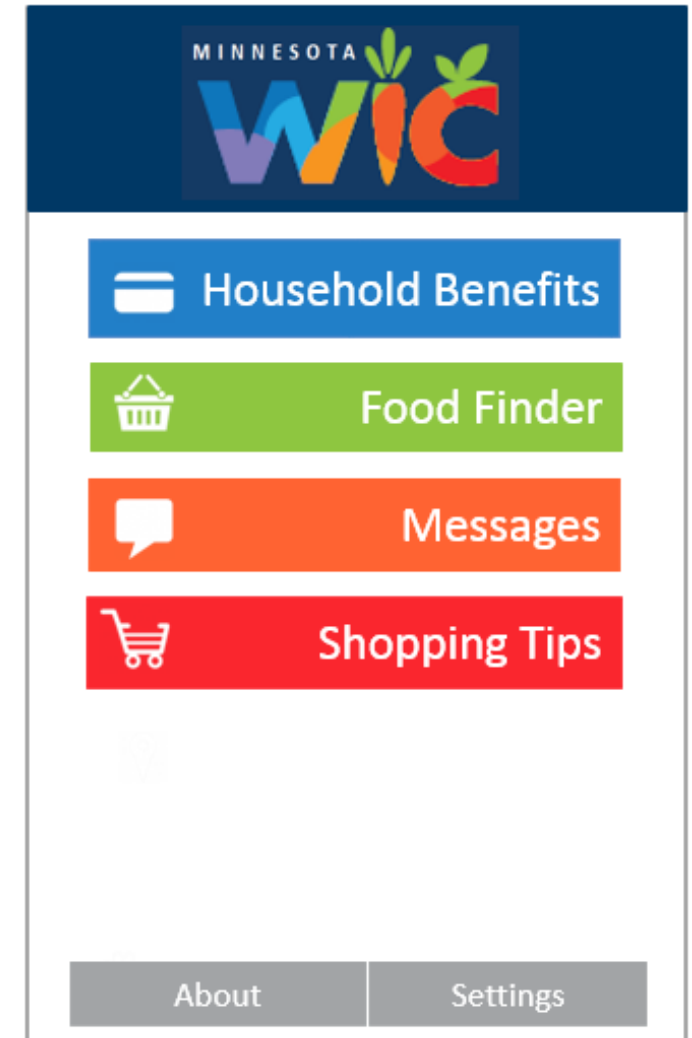

# Feedback – Survey Comments

- A few participant comments of what they like most
  - “It is very discreet and allows me to easily check if an item is WIC approved.”
  - “I love that I do not have to guess. If I am unsure I can check, it saves me so much time and headache!”
  - “Appointment reminders are the best!!!”
  - “The app itself is very useful, especially on the go.”

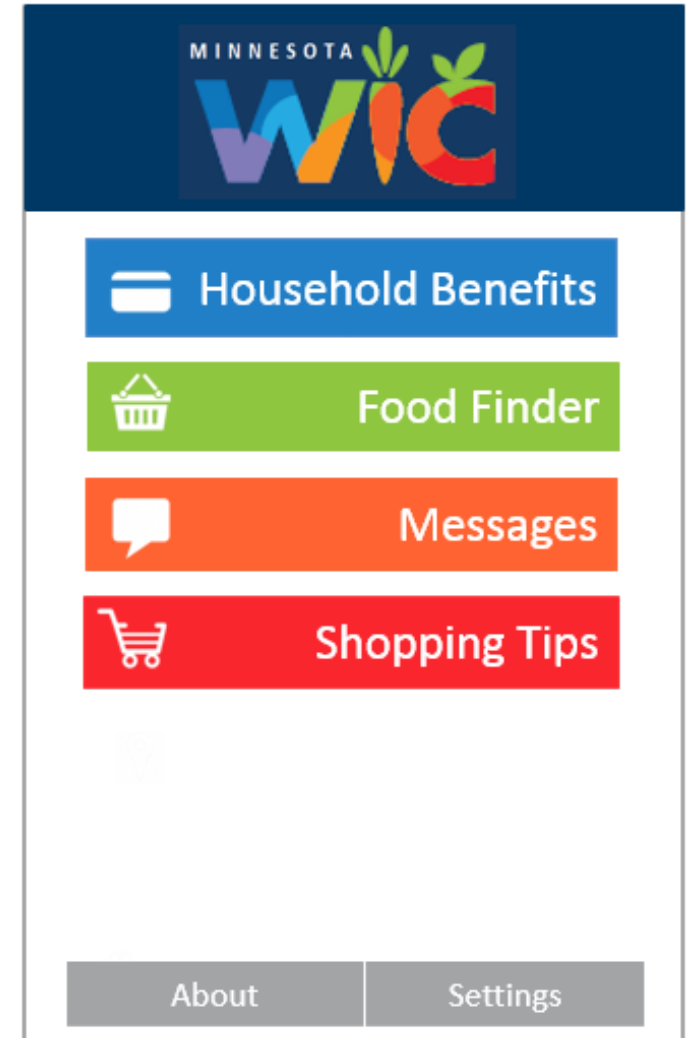

## Phase 3 – eWIC

- Rebranding to match look and color scheme for new eWIC cards
- Currently in development – ready to use with MN eWIC Pilot
