

BE A
VOTER.

RAISE A
VOTER.

Of all the things we do every day for our kids, turning out on Voting Day is among the most important.

This November 6th is Voting Day! To find out your polling place and how to vote, go to www.vote.org.

Teach kids the importance of voting! Take a field trip to your voting site and have your child color our superhero voter while you vote, or make a fun evening at home filling out your ballot to mail in.

The power is in our hands!
